One of the biggest cases to be tried in courts of Western Canada for some years, the issue in which it is thought may ultimately be decided by the jury court, started Monday before Mr. Justice Hyndman in the supreme court.

The plaintiff is a farmer named Eugene Babcock who holds land on the irrigation section of the C. P. R. east of Calgary and he is suing the company for rescission of his contract and asking the court to order that the land be assessed as non-irrigable and that he pay accordingly (there is a difference of \$10 per acre in price) and also asking that the water record be struck out.

The hearing of this case will take the greater part of the week and will be featured by the presence of expert witnesses on both sides, while eminent counsel have been retained to represent the litigants in the person of A. H. Clark, K. C., for the plaintiff and O. M. Biggar, K. C., for the defendant company, says the Calgary Herald.

Many will be pleased to learn that at last the question that has been the point of much discussion and even hard feeling is now to be adjusted by the courts as we understand the case of Mr. Babcock is taken up as a test case by the farmers of this district. It will be a great relief to all who are interested in this country when this much vexed question is finally settled and let us hope it will be soon.

W. R. McKie unloaded another carload of Ford autos Tuesday.

John S. Marvo has wheeled the political cart into action by a meeting at Queenstown in the interests of the Conservative party. What's the matter with the other fellow? We want to hear both sides of the issue before we mark them ballots.

Some of our more successful farmers are still holding from 1200 to 3000 bushels of wheat in the elevator waiting for that \$1.50 mark which they are likely to get yet. Messrs. Graves and O'Toole got that figure at Bassano recently. Oh, you lucky farmers!

Several automobile parties with their smoke wagons have been in the district lately. Messrs. Boggs and his friends as also T. Henderson and his friend W. Service and his son of Gleichen, combining business with pleasure. The Messrs. Brown and their friend from Queenstown and Messrs. Agar and Bagg and Messrs. Chamberlain and his friend of Calgary. Come again ladies and gentlemen. Always glad to see you.

Mary Queen of Scotts (our local Mary) and her acrobatic sister-stripper have been giving one of their semi-annual stunts quite recently for which they are now famous. Danger signals don't scare Mary like they would an amateur, but when she dons the gloves there is a continual performance; something doing all the time. Liberty took up on some good plays lately. Mostly drama. The latest is always

Say, mamma! I had a lovely ride today! Where have you been, my dear? Down Liberty lane, south two miles, past Mr. Long's ranch; then we turned the corner and went due east to the athletic grounds in suburbs. After crossing horseback creek on all-steel flats near the bad lands we passed the Majorville Brewery on the left, situated on the "Down's" half acre? I asked the chaffeur what was that curious circular building with the spiral roof pointing skywards. That's the distillery, and that square building sticking up in the air is the vat, and the sign posts are all up ready to be lettered. Say, mamma, what monkey guy built that just anywhere. Ask Ben Haas, dear. Say, mamma, I saw Sammy Francis today. Oh, say, mamma, may I go out again for a ride? Yes, my dear, but don't go near the Brewery.

The brewery, the brewery. They say such things, and write such things.

At the brewery, the brewery. Over his "crag of paper" he sees doth loom. While feverishly burns the midnight oil, Soundly goes he's trying to fool. At the brewery, the brewery. We'll not go there any more. — Selected.

A. G. Edwards phones from Calgary to take out his ad for potatoes and oats as he had very good results.

W. R. McKie's little girl has been quite ill for several days but is now improving.

The Victoria Day sports at Namaka next Monday promises to be better than ever and the committee in charge have been exerting their very best energies to make it excel all previous attempts. Your correspondent regrets that it is impossible to give full particulars in time for your issue of this week but is pleased to be able to supply a list of the events which are as follows.

Boys race, 12 years and under. Girls race, 12 years and under. Three-legged race. Back race. Pole vault. Running and high jump. Hop, step and jump. Foot race, half mile. Open. Horse race, half mile. Indian horse race, half mile. Pony race, Owners up. Flat race, 100 yards, open. Tag of war, married vs. single. Following the athletic sports and horse races the baseball match between Carleton and Namaka promises to be most exciting. In the evening a dance has been arranged for in the I. O. O. F. Hall for which first rate music has been arranged.

Well, now, the CALL has not the usual amount of news this week by some. Please forgive us. We have been busy on job printing that we believe means \$1 dollar.

Geo. Mon was a Calgary visitor the past week.

Rufus Mac is a Grandpa again. Word comes from Payette, Idaho, that a 12-pound son was born to Mr. and Mrs. Gale Fouts. Mrs. Fouts is a daughter of Mr. Mac.

The Melons Fair write that their father passed away soon after their arrival at the old home in South Dakota. Their father was quite well known about here, having visited his daughters quite often.

Our box social was a big success socially and financially, netting something over \$55.00 for the organ fund. There was a limit of \$5.00 on the boxes and the top notch was reached. Every one seemed to enjoy the event.

The old fashioned May show lived! Things up, even putting Blind Creek on the run for the first time since 1909.

Leo, Heywood, wife and baby June of Stampede, visited over Sunday at P. T. Blomquist after attending the box social.

Strange to say that out of all the Canadians reported as killed and wounded in the war not one from Gleichen has yet been reported. May it continue to be so is the most earnest prayer of all.

Bruce Palmer of Crowfoot spent a couple of days in town this week.

Stampede! Gleichen Stampede! June 24 and 25, 1915!

May 24—Namaka races and sports.

Monday, May 24—Victoria Day. Monday, May 24—K. of P. dance. Aug. 19-20—Gleichen Exhibition.

Every Thursday—K. of P. Monday—Ad. charges required by noon at CALL office.

Thursday and Friday, June 24 and 25—Gleichen Stampede.

Thursday, May 27th, Horses will be purchased for remounts. Friday, May 28—Miss Ethelwyn Cochran, eulogist.

Much sympathy is expressed with Mr. Adolph Plant and family in the death of his six-year-old son, Louis Julien, which occurred last Sunday morning at their farm in the Majorville district. The little fellow had been ailing for sometime and after recovering from a severe attack of diphtheria, and as heart trouble followed, resulting in his death. Geo. W. Evans, the Gleichen undertaker, being called made the 60-mile return trip by auto in record time considering the state of the roads on Monday. The funeral took place Tuesday afternoon to the Gleichen Catholic cemetery, where Rev. Father Simons conducted a short service.

E. R. Johnston, our popular tourist has disposed of his business to Messrs. McCrimmon and White, left on Friday for Winnipeg to join his wife and family, where it is understood he will go into business. He leaves a number of friends in Gleichen who regret his departure and wish him all things good. Messrs. McCrimmon and White are already well known in Gleichen. E. R. Johnston's employer for 1915 and will continue the business to the satisfaction of all.

Success is Now Assured

Gleichen's second Stampede already gives promise of being even a greater success than that of last year, and nearly every mail brings reports from ranchers and cowboys, not only in this province but from other provinces, promising to attend and use their best endeavors to aid in every possible manner.

So far as is known this will be the only stampede held in Canada this year, which fact makes ours the more certain of being well patronized.

At first it was thought that owing to the war it would be best not to attempt to hold a stampede this year, but when the subject was considered by the gentlemen who so freely subscribed thousands of dollars to insure last year's stampede financially, some one suggested that it be carried on as usual and if a profit was realized, sixty-five per cent of it be used for patriotic purposes, the idea was accepted immediately and with this noble purpose in view all have taken hold with a greater determination than ever to do something extra to make this second Stampede greater and better than ever.

Last year's Stampede not only ranked with Calgary and Winnipeg efforts, but was a success financially and as our readers are well aware the promoters were by no means selfish in making use of their profits. They not only subscribed handsomely to the Red Cross Society and the Relief Corps, but they went further by investing in entertainments which added other hundreds of dollars to

the treasures of these societies.

Now they propose and hope to do something even greater for such worthy causes by giving the public full value for their money and assisting the maimed soldiers, wives and orphans. What could be nobler, and who will dare speak ill of those actuated by so noble a purpose?

Already a most generous prize list has been issued from the CALL press, offering over \$5,000.00 in prizes,

which is accompanied by the rules and regulations governing the events. Hundreds of these have already been sent out and they can be obtained on application to the Stampede Secretary.

Subscriber for the Call 1 today.

All of the committees are at work on their various missions and last week several members spent a few days in Calgary arranging many matters of importance and it is understood with splendid results.

A number of new features are to be added to last year's program, a number of which are not sufficiently advanced to make public at the present writing.

However, one new feature that is sure to attract wide attention is a barbecue, which will be the first and only steer to be roasted whole in Alberta in twenty-two years. The last being in Calgary on the visit of the Governor-General of Canada.

Wm. Hill of the Bar U M ranch has kindly donated a steer for the purpose and George Kinsinger will be the chef on this occasion, who has had a great deal of experience in this business. The cooking of the steer will occupy about two days time and already sufficient hardwood has been ordered for the purpose and all will be in readiness for the feast upon the arrival of the parade at the grounds on June 24th and it is safe to say that few will miss this.

There is assurance that there will be plenty of wild steers and horses brought in for the occasion as well as a great number of cowboys and girls anxious to take part. A. P. Day has signified his willingness to bring along his complete string of bucking horses which assisted so materially last year in making the Stampede a success.

CANADIANS FOREIGN BUYERS

Canadians buy more goods outside
their own country than the citizens
of any other important nation in the
world. Here is the average amount
which each citizen of the following
countries bought abroad in 1911, the
latest year for which comparative
statistics are available.

Canada	\$70.24
Great Britain	61.55
Argentina	61.39
France	39.30
Germany	26.17
United States	16.63
Austria	12.61
Russia	8.40

It seems incredible that every
Canadian annually spends \$70.24 for
foreign goods while Russians only
spend \$14.00 each abroad. Canadians
must cut down their foreign pur-
chases and buy more goods produced
in their own country. For a national
bankruptcy—Industrial Canada.

BROWN'S TRANSFER

Buy an Irrigated Farm From The CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent of rainfall, and
insures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa,
the king of fodders, which insures best returns in dairying and mixed
farming.

Irrigation means intensive farming and close settlement,
with all the advantages of a densely populated agricultural com-
munity.

Irrigation in the Canadian Pacific Railway Irrigation
Block is no longer an experiment, the year 1914 having absolutely
demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific
Railway at prices ranging from \$50 to \$100 per acre, with twenty years
to pay and the privilege of a loan of \$1,000.00 for improvements (5%
interest); no principal payment at end of first or second years and no
water rental for first year. Assurances are also given in supplying
stock in approved instances.

This is the most liberal offer of irrigated farm land on
record. Get full particulars from
